**ASH BLONDES OUT.**  
**WARM HUES IN.**

Ash blondes are out, golden blondes are in. We love the warmth and brightness that radiates from Georgia May Jagger.

**BLOW IT OUT**

Trade in beach waves for  
a polished blowout this  
fall.

A woman with long, wavy blonde hair that frames her face. She is looking slightly to the left. The background is a textured, light-colored wall. The text 'FACE FRAMERS' is overlaid on the image, with 'FACE' in black and 'FRAMERS' in gold.

# FACE FRAMERS

High contrast blonde face framers. Great for those who want to grow in their natural colour while keeping it bright around the face

ruffles & sheath maxi

A full-body photograph of a woman with dark skin and short dark hair, posing in a shiny, metallic rose gold athletic outfit. She is wearing a matching crop top and leggings, with a black band across the waist of the top. She is also wearing white sneakers with black and blue accents. Her pose is dynamic, with one leg forward and her hands on her hips. The background is a plain, light gray.
